- A) Business Assets. Special rules apply that allow the cost of certain business assets (for example, furniture and equipment) purchased and placed in service in 2021 to be fully deducted. See Tax Tip 18 and Tax Tip 19.
- B) **Business Use of Home Deduction.** If an area of the home is used regularly and exclusively for business, a deduction for a portion of mortgage interest, taxes, insurance, other operating costs, and depreciation may be allowed. Special rules apply for inventory storage and daycare. Ask for details.
- C) Per Diem Meal Rates. In lieu of using actual expenses incurred for meals and incidental expenses while travelling, self-employed individuals may deduct IRS-approved per diem amounts. The amounts depend on location. Provide detailed list of dates and locations of business travel.
- D) **Self-Employed Retirement Plans**. Many retirement plans (funded with pre-tax dollars) are available to self-employed business owners. The deadlines for establishing and contributing to a retirement plan vary. If you have employees, matching contributions may be required.
- E) Small Employer Health Insurance Credit. A credit is available to qualified small employers that pay health insurance premiums for employees. Premiums paid for the business owner and his family members don't qualify. Ask us for details.

STEP 10 **Vehicle Expense**

- · Commuting between your home and regular work location is not deductible.
- · Commuting expenses for going between your home and a temporary work location outside the metropolitan area where you live and normally work are deductible. Travel expenses between your home and a temporary work location within your metropolitan area are not deductible unless either of the following tests are met:
 - 1) You have one or more regular work locations away from your home or
 - 2) Your home is your principal place of business.
- There are two methods to determine the deduction for vehicles used for business: (1) actual expenses or (2) standard mileage rate (for 2021, 56¢ per mile).
- For each vehicle used for business, complete lines 1-6. If you know that you use standard mileage allowance, ignore lines 7-13. If you purchased a vehicle this year and do not use standard mileage allowance, provide a copy of the sales invoice.

Tax Tips

- 1) Payments that meet specific requirements may be treated as alimony for tax, regardless of how they are described in a divorce decree. One of the requirements is that the payments end upon the recipient's death. So, payments for maintenance or spousal support may be considered alimony for tax. Alimony with respect to divorce decrees executed after 2018 does not have any tax consequences; it is neither deductible by the payor nor taxable to the payee. Ask us for details.
- 2) IRA contributions are limited to the lesser of \$6,000 (\$7,000 if age 50 or older at year-end) or compensation. If you (and your spouse) are not covered by an employer retirement plan, traditional IRA contributions are fully deductible. If you or your spouse are covered by an employer retirement plan, the deduction is phased out at higher income levels. Roth IRA contributions are not deductible and regardless of whether you are covered by an employer retirement plan, they phase out at certain income levels. If only one spouse has compensation, a spousal IRA can be set up for the nonworking spouse. Each spouse (working and nonworking) can contribute up to \$6,000 (\$7,000 if age 50 or older) provided the working spouse's compensation is at least equal to the IRA contributions.
- 3) Individuals covered only by a high deductible health plan (for 2021, deductible of at least \$1,400 for individual coverage and \$2,800 for family coverage) can make deductible (subject to limits) HSA contributions.
- 4) Grade K-12 teachers may be able to deduct amounts paid for books, supplies (other than nonathletic supplies for health and PE courses), computer software, personal protective equipment (PPE), and other equipment and materials used in the classroom as well as certain expenses for professional development courses.
- 5) The child and dependent care credit is generally available to married taxpayers only if both spouses have earned income, unless a spouse is a full-time student or disabled.
- 6) Cancellation of debt (COD) generally results in taxable income. However, exceptions are available for bankrupt and insolvent taxpayers as well as for cancellations or reductions of student loans, farm-related loans, Paycheck Protection Program (PPP) loans, and loans related to business real property.
- 7) A person who files a joint return (other than a return filed solely to claim a refund) cannot be claimed as a dependent. Also, special rules apply to children of divorced parents.
- 8) To be tax free, IRA and qualified plan distributions generally must be rolled over to another traditional IRA or qualified plan within 60 days. Also, for IRAs, there is a one-year waiting period between tax-free rollovers.
- 9) IRA (but not qualified plan) withdrawals before age 591/2 are not subject to the 10% penalty if the funds are used for (a) otherwise deductible medical expenses, (b) certain higher educational expenses, (c) a first-time home purchase for distributions up to \$10,000, or (d) medical insurance by certain unemployed individuals. Other exceptions may apply to IRA and qualified plan withdrawals.
- 10) Material participation in a trade or business generally means the taxpayer spends more than 500 hours participating in the activity during the year. However, the test can also be met in other situations, such as when the taxpayer is the only one who substantially participates in the activity or spends more than 100 hours participating and no one else spends more time.
- 11) If "allocated tips" are listed on year-end Form W-2, the amount will be subject to both social security and income tax unless records (tip log) verify that a lesser amount was actually received.
- 12) Improvement costs may reduce taxable gain upon sale of property. Keep records of improvement costs made to all real property at least four years after the property is sold.

- 13) If stock or mutual fund dividends are automatically reinvested instead of received in cash, these reinvestments increase cost basis, and reduce gain or increase loss upon sale.
- 14) Tax benefits such as a credit or income exclusion for interest on certain U.S. savings bonds may be available for certain education expenses. Benefits may be phased out at certain income levels. List the following expenses: (a) tuition and required fees; (b) books, supplies, and equipment required for attendance; (c) computer equipment and internet access; (d) room and board (if at least half-time attendance); and (e) student loan interest.
- 15) Qualified long-term care insurance premiums are deductible subject to age and annual dollar limits.
- 16) Charitable contributions of \$250 or more in any one day to any one organization must have written acknowledgment from the organization. The acknowledgment must state whether or not any goods or services were received in exchange for the donation. You may qualify to take a charitable contribution deduction of up to \$300 (\$600 for a joint return) even if you don't itemize deductions.
- 17) When making contributions of used furniture, appliances, and clothing, attach a record of the items donated to the receipt for proof of this deductible contribution. Contributions must be in good or better condition to be deductible.
- 18) 100% bonus depreciation is generally allowed on new and used qualified business property acquired and placed in service in 2021. Qualified business property includes such property as office furniture, computers, machinery, and equipment. Limits apply to certain automobiles, trucks, and SUVs.
- 19) The Section 179 business property expensing allowance is \$1.05 million (for 2021) and includes tangible personal property and off-the-shelf computer software. Limits apply to certain automobiles, trucks, and SUVs.
- 20) In 2021, self-employed individuals and owners of passthrough interests in business activities generally may deduct 20% of their qualified business income, as well as 20% of aggregate qualified REIT dividends and qualified publiclytraded partnership income. Joint filers with taxable income of \$329,800 or more (\$164,925 for MFS and \$164,900 for all other filers) are subject to special rules.
- 21) Generally, in 2021, a net loss due to a casualty (such as flood, fire, theft, etc.) must be attributable to a federally declared disaster to be deductible to the extent it exceeds 10% of your AGI.
- 22) A home can be a house, condominium, cooperative, mobile home, boat, or similar property. It must provide basic living accommodations including sleeping space, toilet, and cooking facilities.
- 23) Loan origination fees (points) paid on a loan to buy or build a principal residence are generally deductible as interest in the year paid. Points paid on refinancing an existing mortgage or on a loan to purchase or improve a second home must be deducted (amortized) over the life of the loan. Exception: If part of the proceeds were used to improve your main home, points related to the improvements may be deducted in the year paid.
- 24) You can exclude up to \$250,000 (\$500,000 if married and filing jointly or certain surviving spouses) of the gain on a sale of a principal residence if you owned and occupied the residence for two out of the five years before the date of sale. If the home was used other than as your principal residence any time after 2008, some of the gain may be taxable.
- 25) Keep receipts supporting tax deductions at least four years.
